Troop 79 Run By Boys For Boys

Boy Scouts— one of the few organizations for youth where the adults are not “in charge”.

Youth empowerment and skill-building for leadership are the cornerstones of the Troop 79 Scouting experience. Our Scouts plan and manage all the troop operations from meetings to meals. Scouts progress through the ranks under the guidance of adults taking increasing responsibility and leadership of the Troop.

In existence since 1920, Troop 79 has been developing leaders (3,000 and counting) to take on real-world problem solving and challenges with confidence. Team skills are the key.

Scoutmaster Jeffrey Weaver (a gifted teacher) has been guiding Troop 79 since 1987—providing the continuity for success.

We welcome interested boys and parents to contact our Scoutmaster for a visit.

A Strong Commitment To The Values of Scouting

Troop 79 has a strong commitment to the values of traditional Scouting. These include: Advancement, Personal Growth and Responsibility, First Aid Training, Citizenship, and Service to the Community. Of course, the outdoors is a big part of the program as well!

Leadership Development

Scouting is a laboratory for developing leadership. Our Scouts learn this from the beginning of their experience. Lord-Baden-Powell, founder of the Scouting movement said, “*Scouting is a Game with a Purpose*”. Leadership is a process of getting things done through people. Our Scouts learn this through interaction with Adults, Community Leaders, Scout Leaders and most importantly other Scouts. We enable our Scouts to learn skills and then apply them to everyday life—laying the foundations for a lifetime of success.

Most Important — Scouting is Fun!

Troop 79 Scouts love the outdoors. Be it camping, orienteering, snow sports, water sports and many other activities—we always make it fun!
