Annual Health and Medical Record FAQ's

Q. When does the Annual Health and Medical Record go into effect? I am used to the old form and would rather use it.

A. Everyone should begin using the Annual Health and Medical Record immediately. It is effective January 1, 2011.

Q. The old Class 1, 2, and 3 forms were based on age. What about the Annual Health and Medical Record?

A. There is no longer a difference in the exam interval based on age. The Annual Health and Medical Record is for everyone; and must be completed annually.

Q. There are three parts to the Annual Health and Medical Record, which part do I need to fill out?

A. All participants should fill out Parts A and B for any event. Part C (the physical examination) should be completed if you are participating in an event that exceeds 72 consecutive hours, such as jamborees, summer camps, and Wood Badge training courses. Part C also is required for participation in a resident camp setting or when the nature of the activity is strenuous and demanding such as service projects, work weekends, or high-adventure treks. It is important to note that if the event will take your unit beyond a radius wherein emergency care is more than 30 minutes by ground transportation, the height/weight chart found at the bottom of Part C should be strictly followed. Please note that individual units, districts, or councils may have policies in place to exceed this standard based on their unique risks.

Q. How often will I need to renew/update my Annual Health and Medical Record?

A. This form will need to be updated annually, just as many schools or sporting leagues require an annual update. Many changes can happen throughout a year, including changes in disease processes, medication, address, and insurance.

Q. What is meant by "Annual" and "valid for 12 calendar months"?

A. If you complete your record on March 9, 2010, it will be valid through March 2011, but you must complete a new Annual Health and Medical Record by April 1, 2011.

Q. Can I use another medical exam, such as a school sports exam, and attach it to the Annual Health and Medical Record?

A. No. In an effort to maintain standards of preparedness and fitness for participation, and to make sure that the medical professional conducting the examination knows the various outdoor adventures that can occur in Scouting, the BSA requires completion of Part C. Part C also includes the height/weight chart for high adventure situation where emergency medical care is not readily available

INFORMED CONSENT AND HOLD HARMLESS/RELEASE AGREEMENT

High-adventure base participants:

Expedition/crew No.: _____
or staff position: _____

I understand that participation in Scouting activities involves a certain degree of risk and can be physically, mentally, and emotionally demanding. I also understand that participation in these activities is entirely voluntary and requires participants to abide by applicable rules and standards of conduct.

In case of an emergency involving me or my child, I understand that every effort will be made to contact the individual listed as the emergency contact person. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant, follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.

I have carefully considered the risk involved and give consent for myself and/or my child to participate in these activities. I approve the sharing of the information on this form with BSA volunteers and professionals who need to know of medical situations that might require special consideration for the safe conducting of Scouting activities.

I release the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with the activity from any and all claims or liability arising out of this participation.

Without restrictions.

With special considerations or restrictions (list) _____

TALENT RELEASE AGREEMENT

I hereby assign and grant to the local council and the Boy Scouts of America the right and permission to use and publish the photographs/film/videotapes/electronic representations and/or sound recordings made of me or my child at all Scouting activities, and I hereby release the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with the activity from any and all liability from such use and publication.

I hereby authorize the reproduction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said photographs/film/videotapes/electronic representations and/or sound recordings without limitation at the discretion of the Boy Scouts of America, and I specifically waive any right to any compensation I may have for any of the foregoing.

TO THE EXAMINING HEALTH-CARE PROVIDER (Certified and licensed physicians [MD, DO], nurse practitioners, and physician's assistants)

You are being asked to certify that this individual has no contraindication for participation in a Scouting experience. For individuals who will be attending a high-adventure program at one of the national high-adventure bases, please refer to Part D for additional information.

(Part D was made available to me. Yes No)

PHYSICAL EXAMINATION

Height (inches) _____ Weight (pounds) _____ Maximum weight for height _____ Meets height/weight limits Yes No
 Blood pressure _____ Pulse _____ Percent body fat (optional) _____

If you exceed the maximum weight for height as explained on this page and your planned high-adventure activity will take you more than 30 minutes away from an emergency vehicle-accessible roadway, you **will not** be allowed to participate. At the discretion of the medical advisors of the event and/or camp, participation of an individual exceeding the maximum weight for height may be allowed if the body fat percentage measured by the health-care provider is determined to be 20 percent or less for a female or 15 percent or less for a male. (Philmont requires a water-displacement test to be used for this determination.) Please call the event leader and/or camp if you have any questions. Enforcing the height/weight guidelines is strongly encouraged for all other events.
